## RENTAL SHOES AND HOUSE BALLS

#### MyBall™ System

R8-010059-000 - Fitting Ball and Display Stand

Make selecting a good-fitting house ball easier for your customers with the MyBall System from Brunswick. Our color-coded system and MyFit sizing ball allow customers to easily identify which ball will work best for them, improving bowler satisfaction.

- · System includes the MyFit sizing ball with counter display
- Easy identification of hole size and weight. Speeds up the selection process more time for bowling
- With the MyFit sizing ball, customers select from seven hole drilling sizes (XXS-XXL), then look for their preferred ball weight (6-15 pounds) with the selected hole size

#### **House Balls**

60-105544-9XX Undrilled 60-105544-XXX Drilled

Liven up your center with Brunswick house balls. These bright, glow-in-the-dark bowling balls add color and excitement to any bowling environment. They are a great value and carry a two-year warranty; one year for 6-pound balls.

- · New formulation Brunswick house balls radiate with light for the ultimate glow-in-the-dark bowling experience!
- Urethane balls available in 6 through 15 lbs
- Strong enough to withstand young or unskilled bowlers
- · Available in seven drilling sizes as part of the MyBall System

6# - Lime Green Pearl Glow

7# - Fuchsia Pearl Glow

8# - Sky Blue Pearl Glow

9# - Violet Pearl Glow

10# - Orange Pearl Glow

11# - Purple Pearl Glow

12# - Red Pearl Glow

13# - Yellow Pearl Glow

14# - Kelly Green Pearl Glow

15# - Dark Blue Pearl Glow

#### **Billiard House Balls**

60-105507-XXX Billiard Ball

Brunswick billiard house balls, are ideal for boutiques, clubs, and themed centers.

Stripes and Solids match standard billiards set. Weights from 6-15 pounds.

#### **Premium Rental Shoes**

58-109114-XXX Lace 58-109116-XXX Hook-N-Loop

If only everything returned its investment as fast and as many times over as Brunswick Premium Rental Shoes. Featuring genuine fullgrain leather uppers, foam-padded sock liners, channel stitching, and rubber heels, these shoes are built to last game after game.

- Hook-n-loop closures
- Glow laces
- · Reinforced stitching
- Premium, full-grain leather upper
- · Leather sole with channel stitching

#### **Hybrid Rental Shoes**

58-109305-XXX Adult Lace 58-109306-XXX Adult Hook-N-Loop 58-109304-XXX Youth Hook-N-Loop

- New contemporary look
- Full grain leather soles with recessed stitching
- · Double stitched synthetic uppers
- Padded insoles & Air grommets
- · Lace pairs come with extra laces

#### **Youth Rental Shoes**

58-109115-XXX

- · Full-grain leather uppers and lining
- · Leather sole with channel stitching
- Hook-n-loop closure
- · Eyelets on inside of arch for airflow
- · Colors coordinate with Premium rental shoes.

#### **Value Sport Shoes**

58-109302-XXX Youth Lace (Sizes 3.5-7 - EU sizes 24-32 Half sizes beginning at size 1) 58-109303-XXX Adult Lace (Sizes Men 4-16, Women 5.5-12.5, EU 36-50)

- Synthetic upper for long life
- · Leather sole and rubber heal pad
- · Enamel-covered eyelets for added strength
- · Eyelets on inside of arch for airflow

#### **Surlyn coating**

All Brunswick pins feature a durable Surlyn® coating. Surlyn is a high-performance resin known for its outstanding resilience and impact toughness.

Surlyn is the same cover material used for highperformance quality golf balls.

#### **MAX Colored Pins**

63-861137-167 Green 63-861139-167 Orange 63-861138-167 Yellow 63-861161-167 Magenta

Let the good times roll with these fun and colorful Max pins. Change out the front pin or the whole set for a new twist on the game or to award prizes. Available in four vibrant, solid colors. Available in single-color sets of ten or individually.

#### **Glow-in-the-dark Pins**

Our Score King and Max pins feature UV brightener for ultra-white glow under standard lighting; brighter under UV conditions. Pins

#### **Happy Birthday Pins**

62-861092-167 Happy Birthday

Help your bowlers celebrate their birthdays with this special-occasion pin featuring the crown graphic as well as a "Happy Birthday" message. The Happy Birthday Pin is a Surlyn-coated maple wood pin that can be used for signatures, too. Available in sets of ten or individually.

#### **Trophy Pins**

63-861157-167 Sets 63-861157-000 Singles

Perfect for special occasions to help your bowlers remember a significant score or event, our Trophy Pin is made of maple wood covered in a clear topcoat. It can be used as a signature pin for birthday parties or other special events. Available in sets of ten or individually.

Brunswick Max and Score King Pins give bowlers the high-scoring action they want and the features you need for maximum durability.

- Multilayer topcoat system keeps pins white and glowing brightly
- Surlyn cover allows for a larger wood core to ensure maximum strength
- · Made of the finest northern hard rock maple for maximum durability and pin action

**Max Pins** 

- · Score King pins feature a heavy-duty, locked-in black nylon base that looks great. Max pins have a neutral locked-in base that stays in place
- · Coated Surlyn cover cleans easily and stays whiter longer
- Score King and Max pins are USBC® approved
- · All Brunswick pins are made in the USA
- Choose stripes or crown neck graphics
- · Available in sets of ten or individually

#### **Universal Pin Cleaner**

63-860354-005

Keep pins looking bright and new with this advanced performance cleaner.

- Removes the grime and dirt from pins
- BGreen product formulated to be readily biodegradable and environmentally friendly
- Can be used with both hand and machine cleaning systems
- "Universal" because it also makes a great general purpose bowling equipment cleaner

## **LANE CONDITIONERS**

#### **DEFYv30™ Lane Conditioner**

62-860166-004 (4 Gallons) 62-860166-001 (1 Gallon)

#### **DEFY™** Lane Conditioner

62-860164-004 (4 Gallons) 62-860164-001 (1 Gallon) New DEFYv30 adds a higher viscosity version of DEFY into Brunswick's performance conditioner line. Developed with the same specialty blend of top grade oils and unique additives used to create DEFY, both conditioners generate unparalleled performance compared to lane conditioners in the market today. The enhanced flow-back characteristic reduces the impact of ball tracks through the heads while minimizing the movement of conditioner down lane to keep the shot more consistent. These workhorse conditioners offer excellent solutions for high lineage centers to keep your bowlers satisfied, providing predictable, stable ball reactions with bowlers making fewer, less drastic line-up adjustments as the conditions change. Original DEFY is a low viscosity, high lubricity conditioner, new DEFYv30 is a medium viscosity and medium lubricity conditioner, both are compatible with any surface or lane machine. Developed to increase bowler satisfaction, DEFY conditioners are ThroBot tested and bowler approved.

- **DEFYv30** (100% solids, 30.0 viscosity)
- **DEFY** (100% solids, 20.0 viscosity)
- · Both utilize enhanced flow-back
- · Both are durable enough for high lineage
- · Both clean easily
- · Both are ThroBot approved
- Both are 100% silicone free

#### Logic™ Lane Conditioner

62-860162-005 (5 Gallons) 62-860162-001 (5 Quart)

Logic Lane Conditioner blends top-grade oils with an enhanced additive package. The result is a low lubricity conditioner with great durability and ball motion on harder, less aggressive surfaces. Brunswick quantified the performance of today's top conditioners through extensive Throbot™ testing. From this data, the best conditioner attributes where used to develop Logic, resulting in the most predictable conditioner on the market to date.

- 100% solids, 43.0 viscosity
- Durable, and resistant to break down
- · Consistent performance
- · Versatile enough for use on all lane surfaces
- Blended for top performance on low friction surfaces
- Throbot<sup>™</sup> approved
- · Easily removed with any Brunswick lane cleaner
- 100% silicone free

#### Connect® Lane Conditioner

62-860160-005 (5 Gallons) 62-860160-001 (1 Gallon)

Brunswick Connect Lane Conditioner combines cutting-edge technology with real-world expectations. Connect uses top-grade oils with an enhanced additive package to produce a conditioner with great durability and ball reaction. Connect lane conditioner allows you to run longer patterns without the risk of losing the outside boards.

- 100% solids, 33.0 viscosity
- Durable pattern performance game after game
- · Versatile enough for use on all lane surfaces
- Blended for top performance of medium to low friction surfaces
- Throbot<sup>™</sup> approved
- · Easily removed with any Brunswick lane cleaner
- 100% silicone free

#### Authority22® W22 Lane Conditioner

62-860205-005 (5 Gallons) 62-860205-001 (1 Gallon)

Authority22 W22's enhanced additive package combined with a special blend of oils creates an easy to use product with reduced carry down that can be easily removed with normal daily cleaning. This premium performance lane conditioner works great on all lane surfaces and can be used with all lane machine technologies.

- 100% solids, 22.0 viscosity
- · Pattern friendly, mechanic friendly
- · Versatile enough for use on all lane surfaces
- Blended for top performance on medium to high friction surfaces
- Throbot<sup>™</sup> approved
- · Easily removed with any Brunswick lane cleaner
- 100% silicone free

#### **Command® Lane Conditioner**

62-860022-005 (5 Gallons)

- 100% solids, 22.5 viscosity
- · Cleans easily
- 100% Silicone free

#### **Brunswick Absolute HV**

62-860106-005 (5 Gallons)

- 100% solids, 19.6 viscosity
- · Cleans easily
- 100% Silicone free

#### The Equalizer Conditioner Additive

62-860875-001 (4 x 1 Gallons)

Fine-tunes lane conditions. Use The Equalizer with any Brunswick conditioner to create a custom formula to fit varying needs.

## LANE CONDITIONERS

#### **Absolute Control®**

62-860143-005 (5 Gallons) 62-860143-001 (1 Gallon)

Absolute Control combines the formulas and ingredients from Absolute HV and Control lane conditioners creating a lane conditioner with durability, flexibility and easy cleaning.

- 100% solids, 19.0 viscosity
- · Durable pattern performance game after game
- · Easily removed with any Brunswick lane cleaner
- 100% Silicone free

#### **Control® Lane Conditioner**

62-860046-005 (5 Gallons)

Control lane conditioners offer long-lasting patterns, reduced carry-down and better ball reaction.

- 100% solids, 35.0 viscosity
- · Durable pattern performance game after game
- · Easily removed with any Brunswick lane cleaner
- 100% Silicone free

#### Control® LV Lane Conditioner

62-860141-005 (5 Gallons)

Control LV lane conditioners offer long-lasting patterns, reduced carry-down and better ball reaction. Control LV's reduced viscosity improves wick flow in wick lane machines.

- 100% solids, 28.0 viscosity
- Durable pattern performance game after game
- · Easily removed with any Brunswick lane cleaner
- 100% Silicone free

#### LANE CONDITIONERS: COMPARISON OF PHYSICAL CHARACTERISTICS

CONDITIONER	VISCOSITY	SURFACE TENSION	% SOLIDS	SPECIFIC GRAVITY	<b>WICKING TIME</b>

Brunswick Command	22.5	26.1	100%	0.848	7:10
Brunswick Absolute HV	19.6	29.6	100%	0.855	18:30

#### LANE CONDITIONING TIPS

#### WHAT IF I HAVE TOO MUCH CARRY-DOWN

Decrease the distance of the applied oil in the center of the lane leaving the pattern distance the same. This adjustment increases the buff distance and reduces the oil thickness at the end of the pattern.

#### WHAT IF I DON'T HAVE ENOUGH HOLD

Hold is created by the length and amount of oil in the "mid-lane" (20-32 ft.). This is done by applying oil in the mid-lane on the reverse pass of most lane machines. Lengthening the reverse application distance creates hold oil which allows the ball to more consistently guide to the breakpoint. With Brunswick's Direct+ Conditioning this can be easily accomplished by adding oil to the required boards in zones that affect the mid lane during the forward run.

#### WHAT IF MY BACK ENDS ARE TOO STRONG

Lengthen the pattern to "tone" down the ball reaction. Make sure that the conditioner application distance does not change, only the total pattern distance.

#### WHAT IF THE HEADS HOOK

Two things cause the heads to hook. 1. Not enough oil applied to the head area. 2. The physical condition of the heads. To increase the volume of oil in the heads, slow the machine down on the reverse pass. With Brunswick's Direct+ oil system, during the forward run you can increase the units of oil by board in the head zone(s) to resolve this problem.

#### WHAT IF I HAVE NO SWING AREA

A lack of swing area can be caused by two things: 1. too much oil applied to the outside boards or 2. "crowned" lane topography. Reduce the amount of oil on the outside boards if there is too much. If topography is the problem, contact your professional lane resurfacer.

#### WHAT IF THE MID-LANE BALL TRACK HOOKS TOO MUCH

The mid-lane ball track can hook if there is not enough oil or if there is too much oil. This can be determined by looking at the pattern settings along with Computer Lane Monitor graphs.

For help with your lane conditions, call 1-800-YES-BOWL, or contact your Brunswick Aftermarket Product Specialist. Contact info at brunswickbowling.com/contact/aftermarket-product-specialists.

## LANE CLEANERS

#### **MAX10 Lane Cleaner**

62-860239-025 (2.5 Gallons)

MAX10 Lane Cleaner is a heavy-duty concentrated cleaner designed to work with the modern, faster lane cleaning machines. MAX10 Lane Cleaner is highly effective in removing the newer lane conditioners containing high viscosity synthetic mineral oils and performance additives.

- Great value 2.5 gallon bottle makes 10% more product than traditional 5 gallon buddy pack of 4:1 cleaner
- · Superior lane cleaning performance
- Provides strong and consistent backend reaction
- One pass cleaning on even the toughest conditioners
- · Non-hazardous for shipping
- · Save on freight and storage space
- BGreen cleaner
- For vacuum lane cleaning only

#### **Authority22® Lane Cleaner**

62-860206-005 (5 Gallons)

- Special additive package to clean even the toughest lane conditioners
- Special de-foaming agent for large tanks
- Cleans with one pass
- BGreen cleaner
- · Guaranteed performance

#### White Glove™ Multi-Purpose Cleaner

1375915 (5 Gallons)

- Ideal for any type of lane surface or finish
- Recommended for use in all vacuum lane cleaning machines and manual lane cleaning
- · Leaves no film or residue
- Can be diluted for various cleaning jobs around the entire center

#### Judge® Lane Cleaner

62-860066-005 (5 Gallons)

Judge lane cleaner is designed to remove difficult to clean lane conditioners.

Formulated with an enhanced additive package to produce Brunswick's strongest cleaner yet. The Judge is a non-hazardous cleaner that can be used with all vacuum lane cleaning equipment.

- · Water based lane cleaner
- · Designed for difficult to clean conditioners
- Premium performance
- · Fresh scent
- BGreen cleaner
- · For vacuum lane cleaning only

#### Invincible® Lane Cleaner

62-860055-005 (5 Gallons) 62-860055-030 (30 Gallons)

Designed to clean even the toughest lane conditioners. Formulated to be fast acting for today's newer lane machines. Simply the most effective lane cleaner available today.

- · Water based lane cleaner
- Special additive package to clean even the toughest lane conditioners
- Guaranteed performance
- BGreen cleaner
- · For vacuum lane cleaning only

#### **Squeaky LD Lane Cleaner**

62-860054-005 (5 Gallons)

The name says it all. You can't beat Squeaky for hand cleaning lanes.

- Water-based, low in detergent
- No residue left behind, just a "squeaky" clean lane

#### **MAX20** Lane Cleaner

62-860239-000 (10 - One Pint)

MAX20, a 20:1 concentrated cleaner, incorporates a unique set of properties that make it ideal for cleaning even the toughest conditioners in a single pass. Since MAX20 is a liquid concentrate it does not need to dissolve and is ready to use when combined with water. Max power in a mini package.

MAX20 comes in a package of 10 one-pint bottles. Each pint makes 2.5 gallons of product. The package is comparable to a 5-gallon buddy pack of 4:1 cleaner.

- Excellent lane cleaning performance
- Provides a strong and consistent backend reaction
- One pass cleaning on even the toughest conditioners
- · Non-hazardous for shipping
- · Save on freight and storage space
- BGreen cleaner
- For vacuum lane cleaning only

#### **No-Spill Mixing Vessel**

14-860209-000

- · Patented technology
- Controls flow of liquid to cleaner tank
- Convenient no-spill container
- Holds 2.5 Gallons of mixed cleaner

#### **Replacement Spout**

14-100355-000

Use as a replacement spout for conditioner container or remove coupling and use as a replacement for No-Spill Mixing Vessel spout.

## **LANE CLOTH AND DUSTING SUPPLIES**

#### 8460QC **Lane Cleaning Cloth**

61-860290-000 (4 Rolls/carton) 8460QC uses the same proven heavy-duty material found in the 8460XL blue cloth but features a quick-change plastic core. This new design will save you time and scrub your lanes clean.

- · Saves time
- Easy to use
- · Eliminates hassle
- Use with wick/pad and pump lane machines
- 20 yards per roll

#### 8460XL **Lane Cleaning Cloth**

61-860250-000 (4 Rolls/carton) 8460XL virtually "scrubs" cleaning solution onto the lane with its special fiber cloth.

- · Heavyweight cleaning cloth
- Use with wick/pad and pump lane machines
- 18 1/3 yards per roll

# Authority22/Envoy™ Duster Cloth

62-860207-000 (4 Rolls/carton) Authority22/Envoy Duster Cloth cleans the lane before the cleaner is applied. The process uses less cloth and helps the cleaner work directly on the conditioner, not the surface dirt.

- · Water-resistant core
- Special fiber maximizes scrubbing
- Absorbs dirt and cleaner fast
- For use in Brunswick injector lane machines
- 20 yards per roll

# Gold Edge Lane Cleaning Cloth

61-860252-000 (4 Rolls per carton)

Gold Edge Cloth is composed of a special mixture of fibers to maximize "scrubbing action" and edge out the competition.

- · Quick-absorbing design for fast and complete cleaner pickup
- · Specially designed scrubbing weave
- Use with wick/pad and pump lane machines
- 20 yards per roll

## LANE CLOTH AND DUSTING SUPPLIES

#### Red Edge® \*\* Lino-Duster Cloth

61-860168-000 (3 Rolls per carton) 52-860078-000 (4 Rolls per carton)

Red Edge Lino-Duster Cloth contains strong, long fibers that trap and hold dirt improving cleaning performance.

- Removes dirt, while leaving conditioner pattern undisturbed
- Available in two sizes to fit many lane dusters
- 100 yards per box
  - \*\*See Chart on Page 7.

#### **Brunswick Lane Maid**

61-860158-001

Brunswick's unique design provides the ideal way to get the dust without disturbing the lane condition.

- Aluminum support bar applies even pressure to foam pad and duster cloth for a complete cleaning, regardless of lane conditions
- Cloth contours to any lane and any lane surface
- Automatic action ratchet advances duster cloth with no fuss
- 43" wide duster cleans the entire lane in one pass
- · Lightweight for easy maneuvering
- Installing clean duster cloth is a snap

#### LANE CLEANING AND DUSTING TIPS

- Check the condition of the cleaning pad or cushion roller
- View the lane machine spray pattern
- · Be sure spray jets are not clogged
- Inspect the condition and adjustments of squeegee blade(s)
- Are lanes air-drying or is cleaner being removed by your machine?
- Be sure to dust your lanes daily from pin deck to foul lines, prior to cleaning
- Avoid using hard water to mix your cleaner, as hard water reduces a cleaner's effectiveness
- Test your lanes regularly to verify the effectiveness of your cleaning system.
- Verify cleaner supply tank is full before cleaning lanes

# Precision Gutter and Capping Mop Refills

62-860094-000 (Set of two mop heads)
Don't let old, worn mop heads increase work
by forcing a need to double run the gutters.

- · Replace the old ones with clean, new mop heads
- · Same high-quality mop heads as the original
- Heavy-duty reinforced stitching, strong lint-free cotton yarn, and machine washable
- Set comes complete with one larger mop head for ball return caps and gutters and one smaller head for division caps and gutters

#### **Precision Gutter and Capping Mops**

62-860093-000 (Set of two mops)
Cut cleaning time in half by using these convenient mops.

- Specially designed mop head cleans cap and gutters at the same time
- One mop has a larger head for ball return caps and gutters, the smaller mop cleans division caps and gutters
- Package comes complete with one mop of each size
- Mop head made from strong woven yarn that grabs dust from caps and gutters
- Heavy-duty reinforced stitching prevents lint-free yarn from coming loose
- Mop heads are machine washable
- · Swivel handle for easy operation

#### **Lane Maintenance Applicator**

61-860230-000 (Complete applicator)
When cleaning lanes by hand, there's no better tool to use.

- Reinforced handle won't break or bend as you apply pressure
- Grips terry cloth lane towels for heavy-duty lane cleaning
- Replacement Pad (NEW) 61-100272-000

62-860101-000 Channel Mop Complete 62-860103-000 Channel Mop Heavy Duty Refill

## **MAINTENANCE SUPPLIES**

#### **IPA 99 Synthetic Approach Cleaner**

61-860254-000 (12 x 1 Quarts with 4 sprayers) 61-860255-000 4 refill bottles (1 Gallon each)

Synthetic approaches require cleaning with a product that won't leave moisture on the approach surface. IPA 99 effectively "conditions" a synthetic approach after it has been spot cleaned; it also displaces surface moisture as part of a regular synthetic approach maintenance program.

- · Convenient 1 quart spray bottles with sprayer
- · One gallon refill containers
- Pulls moisture from synthetic approaches
- Not recommended for use on wooden approaches

#### **Approach Treatment**

62-860078-001 (4 x 1 Gallons)

Take the stickiness out of approaches.

- · Improves slide conditions for sticky approaches
- · Provides long-lasting, effective treatment on both wood and synthetic lanes

#### **Automatic Pinsetter Cleaner**

62-860083-005 (5 Gallons)

Here's an effective way to degrease and clean metal pinsetter parts.

- · Strong, solvent-based cleaner cuts through tough pinsetter grease and grime
- Note: Do not use on nonmetal parts

#### **Approach Dry Slide**

62-860210-600 (12 x 11.2 oz Canisters)

Approach Dry Slide is a non-abrasive powder used to eliminate sticky approaches. It can be used on both wood and synthetic approaches and is easy to apply. Offered in convenient 11.2 oz shaker canisters for ease of application.

- · Non-abrasive
- · Eliminates sticky approaches
- Used on both wood and synthetic approaches
- · Best product offered to eliminate sticky approaches

#### **Armor Slide**

62-860024-000 (2 Gallons)

Give synthetic approaches better slide characteristics, use Armor Slide.

- General purpose approach aid improves approach performance
- For synthetic approaches only

# Brunswick Liquid Friction Pin Deck Treatment

62-860138-000 (2 x 1 Gallons) Plus empty pint spray bottle per carton

Effectively ends out-of-range and sliding pin problems. Also quickly and effectively increases the coefficient of friction of pins decks, promoting falling pins over sliding pin action.

- Easy to use. Just spray and dry
- Works effectively on wood or synthetic pin decks

#### **Approach Spot Cleaner**

62-860034-004 (4 x 1 Gallons)

Keep approaches looking clean and spotless.

- · Removes dirt and heel marks fast and efficiently
- Solvent-based cleaner dries guickly
- · For use on all approach surfaces

#### **Approach Mop**

62-860095-000 (Complete mop) 62-860096-000 (Mop head refill)

Keeping approaches clean is essential for optimum sliding conditions.

- 36" wide mop head is ideal for dusting approaches
- · Durable cotton yarn head attracts dust and dirt, leaving approaches clean
- · Washable and replaceable

#### **Deck Chute Conditioner**

62-860029-000 (1 Quart)

Improve the durability and performance of deck chutes. Longer lasting and more stable, this Advanced Performance deck chute conditioner has been designed to minimize deck jams by allowing pins to slide easily through the chutes.

- Improved formula promotes longer chute life
- · Durable and more stable
- · Minimizes deck jams and downtime

## **MAINTENANCE SUPPLIES**

#### **Command Network™ Team Scoring Recap Forms**

57-860422-000 (4-part form/package of 750)

- · Use this special NCRTM paper in Command Network printers
- Distribute forms to team captains, league secretaries, offices/managers, newspapers, or others who could benefit from the scores

#### **Printer Paper for Command Network Receipts**

57-860412-000

Always hand customers a receipt for their purchases.

• One 90' roll of white receipt paper

#### **Source Power Printer Paper**

67-860251-000

This paper is ideal for printing league records, bowler information, accounting ledgers, and

- 8-1/2" wide white paper for use in your Source **Power Printer**
- · Tractor feeds are perforated for easy removal
- · Package of 3,400 sheets

#### Sani-Spray Shoe Sanitizer

61-860062-000 (12 x 15 oz. cans)

Strike rental shoe odor dead with power to spare.

- · Clean, fresh scent to please customers
- Keeps front desk storage area odor free for a pleasant work environment
- One 15-ounce can sanitizes approximately 300 pairs of shoes

#### **Aerosol Approach Spotter**

130190 (12 x 13.5 oz. cans)

- Easy to use
- · Great for quick spot cleaning

#### **Grey Automatic Pinsetter Paint**

62-860062-000 (One 12 oz. can)

Keep the pinsetter looking as good as new. Fix nicks, scratches and scrapes quickly and easily.

- · This is the original grey paint used on the automatic pinsetter
- · Convenient spray paint dries quickly to a durable finish
- Available in a 12-ounce aerosol can

#### **Aero-San Shoe Deodorizer**

190170 (12 x 12 oz. cans)

- · Completely deodorizes and sanitizes rental shoes
- Each can will freshen approximately 500 pairs of shoes

#### **Tile-Lastic Waxless Floor Coating**

1905611 (4 x 1 Gallons)

- Contains no wax
- · Easy to apply. Dries quickly
- · Needs no buffing or polishing
- Can be used on all types of floors

#### **Chlorinite Solvent #008**

1300081 (4 x 1 Gallons)

- Non-flammable
- Quick drying

#### Cosmic® Fog Fluid

62-860112-004 (4 x 1 Gallons)

Brunswick Cosmic fog fluid is a water based formulation created to be used as a special effect for open bowling or special events.

## BALL CARTS - BALL RAMP - BALLWORX

62-860311-XXX\* (Two Tier) 62-860312-XXX\* (Three Tier)

See color chart to the right.

#### BALL CARTS AND BALL RAMP COLOR OPTIONS

COLOR	SUFFIX*
BLACK	000
SILVER	004
GREEN**	001
YELLOW**	002
BLUE**	003

<sup>\*\*</sup>Special Order - 8 week lead time

#### **Ball Ramp**

62-860310-XXX\*

The Ball Ramp enhances the bowling experience for younger bowlers, or those with special needs, making bowling more fun and bringing them back again and again. Available in different colors. See color chart to the right.

These durable and attractive ball carts enable

you to easily transport house balls across the

center as needed. Available in different colors.

#### **Factory Finish Buffing Compound**

14-800009-000 (2 compound blocks per pkg.) Brunswick's Factory Finish Buffing Compound utilizes the same products used to polish balls at our manufacturer; to help restore your ball to it's out of the box look. Factory Finish can be used with plastic, urethane or performance balls.

- Fits Ballworx, LustreKLEEN, and Lustre King ball polishing machines
- · Factory finish gloss for all balls
- · Replaces Brunswick Lustre Sheen, LustreKLEEN and DBA Blue Genie compounds

#### Ballworx® Ball Polisher

14-860170-090 (United States) 220 Volt, 50/60 Hertz

Provides bowlers with the ball polishing service they demand and puts money in your pocket.

- · Purchase or vend
- Easy price and machine cycle changes
- · Convenient dollar bill acceptor
- · House ball cycle
- · Programmable color LED displays your custom messages
- Programmable Coin Mechanism for worldwide coin acceptance and programmability. Multiple coins can be programmed (including U.S. dollar coin and tokens)

## LANE MONITOR SYSTEM

#### **Computer Lane Monitor System™**

61-860226-600 (110 V)

61-860226-620 (220 V)

Computer Lane Monitor System reduces maintenance time and human error. Includes:

61-100057-000 (White Label Tape)

11-900070-000 (UV Pick-Up Tape)

61-860162-000 (Calibration Kit)

61-860155-000 (Lane Recorder)

61-860225-600 (Computer Lane Reader, 110V)

61-860225-620 (Computer Lane Reader, 220V)

- System includes all components of Computer Lane Monitor Optical Reader, Lane Monitor Recorder, Calibration Kit, UV Pick-Up Tape and White Marking Tape
- · Based on the computerized Optical Reader, this system takes the guesswork out of reading tapes and provides immediate, accurate feedback
- Windows® software provides more detailed analysis including 3-D graphics (IBM® compatibility required)
- Measure newly conditioned lanes as well as changes in lane conditions, such as oil depletion and carry-down
- Keep bowlers satisfied by ensuring that lane conditions are the same from lane to lane and week to week
- Verify lanes are in compliance with USBC®/WIBC and FIQ conditioning rules
- The lane monitor system requires use of a lane conditioner containing USBC/WIBC specified UV additive

#### **Lane Monitor Recorder**

61-860155-000

The original Lane Monitor Recorder is still the

- Two sliding tape carriages in an aluminum track are placed on the lane from gutter to gutter
- One carriage applies the transparent tape to the lane surface to absorb the dressing
- The second carriage lifts the dressing tape and laminates to a second tape, locking the dressing between the two, creating a permanent, accurate sample of the conditioner pattern
- · Comes complete with all recorder components, recorder tape, label tape, assembly tool and instructions in a sturdy case

#### **White Marking Tape**

61-100057-000

### **UV Pick-Up Tape**

11-900070-000

#### Tape Hub

61-100055-003

#### **Rubber Wheel Assembly**

61-100055-004

#### Foot Pad Small

61-100055-016

#### **Foot Pad Large**

61-100055-018

#### Roll Pin (1/8" x 1/2")

11-345154-000

#### **Computer Lane Monitor Optical Reader**

61-860225-600 (110 V) 61-860225-620 (220 V)

An industry standard since 1988, the Brunswick Lane Monitor provides the ultimate in accuracy and reliability for measuring and graphing lane conditioner volume and distribution.

- · Higher resolution for improved accuracy
- Increased range accommodates higher conditioner volumes
- · Addition of USB port provides compatibility with
- · User-friendly software
- Holds higher graph scales
- · High capacity tapes are conveniently read from end to end

#### **Computer Lane Monitor Software**

61-860273-400 CD V1-01 61-860273-401 CD V2.00

#### **Rubber Roller**

61-100261-000

61-860162-000

- · Package of three strips
- · It is recommended to replace calibration strips after one year

61-100060-000

#### 321 Color Kit

160321CK Color Kit complete (Each)

- · Complete color assortment of nine different pigments.
- · One ounce size.

INDIVIDUAL COLORS:	
160321BLU	Blue
160321RED	Red
160321YEL	Yellow
160321BLK	Black
160321GRN	Green
160321PUR	Purple
160321SLV	Silver Pearl
160321GLD	Gold Pearl
160321WHT	White

#### 321 Ultima™ Pro-Plug®

160321UPP Clear 2 Gallon Kit (3 x 1/2 Gallons Clear Compound) (1 x 1/2 Gallon Hardener)

- · Can be used in all bowling balls: rubber, polyester, urethane or resin
- Unique curing process accelerates initial reaction, then slows to a stable cure
- · Plug resists cracking, chipping due to hightemperature cures

#### Ultima™ Pro-Plug® Accessories

160321PK Pro-Plug Calibrated Pump Set: fits 1/2 gallon (1 Hardener, 1 Compound)

160321F Oval Finger Plug Dams (100 per box)

160321T Round Thumb Plug Dams (100 per box)

160321SS Stir Sticks (500 per box)

160321GC Granulated Mixing Cups (50-5 oz. cups)

160323 - Pro-Plug Cube Trays (Each)

#### **Ball Plug Tips**

- 1. Mix plug thoroughly for specified time before pouring into hole
- 2. Pour slowly down sides of the hole or over a stir stick to avoid entrapment of bubbles
- 3. Temperature of the plug, the bowling ball and the work environment MUST be between 68° and 72°F for a thorough cure
- 4. Match colors in the compound before adding the
- hardener. This will allow extra matching time and eliminate over mixing of the plug material
- 5. Measure compound and hardener accurately
- 6. Use Cube Trays to eliminate plug waste

## **LANE MACHINES**

#### **Envoy™ Lane Machine**

R8-040000-001 - Envoy with AGM Battery and ACDC Power Supply (115V) R8-040000-201 - Envoy with AGM Battery and ACDC Power Supply (230V) R8-040000-002 - Envoy with Lithium Battery and ACDC Power Supply (115V) R8-040000-202 - Envoy with Lithium Battery and ACDC Power Supply (230V)

Since the introduction of the B90 oiling machine in 1962, Brunswick has been a leader and an innovator in automatic lane maintenance systems. And we've learned a lot along the way. The Envoy, our newest lane machine, is a state-of-the-art cordless system centered around your needs.

- Direct + conditioning, with its direct-to-lane conditioner application, takes away the variation that comes with transfer system machines
- Despite its sophistication, the six-button Graphical User Interface makes the Envoy simple to program and easy to operate
- Envoy's cleaning system, featuring a unique V-shaped squeegee, assures your lanes are thoroughly clean so the shot is consistent
- FlexPower gives you the option of running on AC or two different types of battery power, whatever your center needs
- The Envoy is easy to operate, only requires five minutes of daily maintenance and comes with a two-year warranty

## LANE MACHINES

#### **Authority22® Lane Machine**

R8-030000-000 (115V) R8-030003-000 (230V)

The Authority22 Lane Maintenance System by Brunswick addresses industry challenges by combining advanced technologies with Brunswick's unparalleled understanding of the lane maintenance needs of bowling centers.

- Direct + conditioning system assures accurate and consistent conditions with its direct-to-lane conditioner application
- Accu-ject® innovation allows precise direct application of lane conditioner to the lane surface, board by board
- Allows for simpler, faster and more predictable pattern development
- Eliminates wicks and smoothing pads
- Blends the conditioner for smoother pattern transition with the buffer brush

#### Phoenix® LT4 Lane Machine

R8-010061-000 (110V 60 Hz) R8-010062-000 (220-230V 50Hz)

The Phoenix LT4 is an affordable lane machine designed specifically for centers 16 lanes or less. New features have been added to enhance this easy to operate combination machine which cleans, oils and buffs in a single pass. The Phoenix LT4 is an efficient and affordable solution for your small center's lane maintenance needs. Enjoy the simplicity of operating a LT4.

- Clean and condition a 16 lane center without stopping to refill cleaner and conditioner tanks or emptying the waste tank
- Easy to use so that "anyone" can program or operate the Phoenix LT4 with little
- New 4 pattern option provides both open and competitive bowling conditions
- · Simple and intuitive operation allows for quick training

#### **Brunswick Pattern Manager Software**

14-860027-000

Brunswick Pattern Manager is a program developed specifically for Direct+ conditioning technology users. The Brunswick Pattern Manager allows you to easily download patterns from the Brunswick Pattern Zone and transfer them to your Envoy or Authority22 lane machine.

#### **Brunswick Pattern Editor Software**

14-860028-000

The Pattern Editor is a plug and play software that allows you to edit and/or create your own patterns. This add on software to the Pattern Manager helps you build your own library of patterns to meet the needs of your bowlers.

## **LANE FINISH**

#### Cosmic Astrolane® LF Lane Finish

62-860020-000 (Case of 8 kits)

Low-friction top coat that GLOWS! Squeegee over traditional top coat to keep balls going longer in the heads while reducing overreaction on the back ends.

- A two-component, 100% solids type finish
- Apply with Astrolane 100% Solids applicator assembly (14-860111-000) and 100% Solids applicator refills (14-860108-000)
- · Counteracts conditioner depletion
- One kit covers 3 heads, 1-1/2 lanes when applied to the lane conditioner pattern distance or 1 lane when applied from foul line to pin deck

#### Astrolane® 100 Topcoat

62-860005-000 (Non-glow) 62-860124-000 (Glow-in-the-Dark)

Choose the finish that others strive to match.

- Astrolane 100 Topcoat is the industry standard for durability and appearance
- It's so durable that it often lasts a whole season under normal conditions, virtually eliminating the need for midseason recoating
- · Nonflammable with low odor
- Sold in cases of eight kits. One kit per lane
- Apply using 100% Solids Applicator (14-860111-000) and 100% Solids Applicator Refills (14-860108-000)
- VOC compliant in all VOC restricted areas

#### Astrolane® 100 Basecoat

62-860018-000

Team up this premium basecoat with Astrolane 100 Topcoat for the best system in the industry.

- Offers a solid foundation for Astrolane or other finish systems
- May be used with a variety of lane finish topcoats
- Excellent adhesion characteristics provide superior durability and long life
- Features a special lightening agent to enhance the natural beauty of pine and maple
- Gives old lanes the lighter, cleaner look of new wood
- · Nonflammable with low odor
- Sold in cases of eight units. One kit per lane
- Apply using 100% Solids Applicator (14-860111-000) and 100% Solids Applicator Refills (14-860108-000)
- VOC compliant in all VOC restricted areas

#### Cosmic Astrolane® E-Z Topcoat

62-860119-000 (One 1.7 Gallon kit)

All the same durable characteristics as Astrolane E-Z Topcoat, plus UV additive to make lanes glow under ultraviolet lighting.

- · Lanes appear normal under white lights
- Applied with the Astrolane E-Z Plus Applicator (61-860241-000) and Long Nap Applicator Refill (61-860242-000)
- Can be used to recoat a variety of compatible topcoats
- VOC compliant in all VOC-restricted areas
- · Each kit coats five lanes

#### Astrolane® E-Z Topcoat

62-860088-001 (One 1.7 Gallon kit)

Easy-to-use topcoat combines the strength and durability of 100% solids technology with the ease of conventional lane finish application.

- Extremely durable urethane finish with the same beautiful appearance as Astrolane 100 Topcoat
- · A favorite of top-notch resurfacers
- Apply with Astrolane E-Z Plus Applicator (61-860241-000) and Long Nap Applicator Refill (61-860242-000) or with Slide-In Applicator (61-860183-000) and Mohair Applicator Refill (61-860185-000)
- Can be used to recoat a variety of compatible lane finish topcoats
- VOC compliant in all VOC-restricted areas
- Each kit coats five lanes

#### Astrolane® E-Z Basecoat

62-860100-000 (One 1.7 Gallon kit)

Outstanding adhesion and a durable basecoat with conventional application.

- Two-component urethane system
- Applied with Astrolane 100 E-Z Plus Applicator (61-860241-000) and Foamback Applicator Refill (61-860243-000)
- Works well with any water-based moisture-cure, urethane, or E-Z Topcoat
- VOC compliant in all VOC-restricted areas
- · Each kit coats five lanes

## **LANE FINISH**

#### Astrolane® WB Approach Finish

62-860019-000 (Four 1-Gallon containers) 62-860019-001 (1-Gallon)

This great looking approach finish is a favorite of industry professionals.

- · Highly durable approach finish rarely needs midseason recoating
- One-coat application dries in one to three hours
- · Clean up with soap and water
- Provides uniform slide characteristics
- · Resistant to toe and ball marking
- · Apply using Approach Applicator (61-860110-000) and Approach Applicator Refill (61-860110-005)
- VOC compliant in all restricted areas
- · Each gallon coats up to six approaches

#### **Brunswick Grain Stain**

62-860145-005 (5 Gallons)

This primer penetrates the wood to seal the grain prior to basecoat application, allowing the basecoat to remain on the wood's surface, resulting in a smoother, high-gloss appearance.

- · Designed for use as a three coat system with Uni-Cure Basecoat or Uni-Cure EZ Basecoat and moisture-cure or two component urethane topcoats
- Each container coats up to sixteen lanes
- May not be permitted in your area due to local VOC restrictions; check your local VOC regulations or contact your Brunswick distributor for details

#### **Brunswick Uni-Flex Basecoat**

62-860153-005 (5 Gallons)

Produces unmatched adhesion with the safety and convenience of a water-based finish.

- This durable water-based basecoat is easy to apply with the Slide-In Applicator (61-860183-000) and Water-Based Finish Slide-In Applicator Refills (61-860184-000) or with the Astro E-Z Plus Applicator (61-860241-000) and Foamback Applicator Refill (61-860243-000)
- · Dries quickly. Often in less than an hour
- Offers a high degree of flexibility to expand and contract with the lane, greatly reducing cracking, chipping, bruising, and feathering
- · Recommended for new or uninjected lanes
- Nonflammable and virtually odorless
- Use in a three-coat system with two coats of Brunswick Hydrolane Topcoat
- VOC compliant in all restricted areas
- · Includes additive and whitener
- Each container coats up to seven lanes

#### Uni-Flex White Additive

62-860301-000 (3 oz. bottle) Included with Uni-Flex Basecoat.

#### **Uni-Flex Catalyst**

62-860201-000 (12 x 13 oz.) Included with Uni-Flex Basecoat.

#### **U-300 Single Package Ultraviolet** Finish

62-860172-005 (5 Gallons)

This moisture-cure urethane topcoat looks completely clear under standard lighting, and emits a blue-white aura under ultraviolet conditions.

- · Hard, durable finish that requiring no additional clear topcoat
- Each container coats up to seven lanes
- May not be permitted in your area due to local VOC restrictions; check your local VOC regulations or contact your Brunswick distributor for details

#### Brunswick Hydrolane™ Topcoat

62-860200-005 (5 Gallons)

Get an unbeatable combination of exceptional durability and consistently high-scoring characteristics.

- Textured surface holds conditioner in place to help minimize changing lane conditions as bowling progresses
- Extremely durable water-based finish provides a full season of service in most linage situations, virtually eliminating the need for midseason recoating
- Low odor and nonflammable to help minimize shut-down time
- Easy to apply. Dries completely in four to six hours
- Use over Astrolane 100 Basecoat, E-Z Basecoat or Brunswick Uni-Flex Basecoat
- Apply using Slide-In Applicator (61-860183-000) and Water-Based Finish Slide-In Applicator Refills (61-860184-000) or with the Astro E-Z Plus Applicator (61-860241-000) and Foamback Applicator Refills (61-860243-000)
- VOC compliant in all restricted areas
- · Includes additive
- · Each container coats up to seven lanes

#### **Hydrolane Catalyst**

62-860202-000 (12 x 13 oz.) Included with Hydrolane Topcoat.

#### **Hydroglow Additive**

62-860500-000 (1 x 14 oz.)

The perfect glow-in-the-dark additive for water-based topcoat finishes.

- One 14-ounce additive per five gallons of Hydrolane water-based topcoat provides excellent glowing lanes when exposed to UV lighting
- · Not for use with water-based approach finish

#### U-300 Ultra High Solids UV Topcoat

62-860195-005 (5 Gallons)

Same great benefits as U-300 Ultra High Solids Topcoat with the addition of an ultraviolet pigment for superior glow under black lights.

• Each container coats up to eight lanes

## FINISH APPLICATORS

#### **Universal Lane Finish Applicator**

61-860188-000

This economical applicator is designed for conventional application of water-based, moisture-cured urethane and Astrolane E-Z lane finishes.

- Designed to give the user the best view of the finish "puddle" to eliminate mistakes
- · Slide-in applicator is easy to assemble
- Includes three sizes of adjustable weights to control film thickness
- · Designed for use with Slide-In Applicator Refills
- · Not designed for use with 100% Solids coatings

#### **Astro E-Z Plus Applicator**

61-860241-000

Designed for conventional application of most bowling lane finishes and a must for application of E-Z Basecoat and Topcoat.

- Ideal for application of water-based urethane and moisture-cure urethane, Astrolane E-Z Basecoat and Astrolane E-Z Topcoat
- Application is simplified. No need to carry a heavily weighted applicator from lane to lane
- Not designed for use with 100% solids coatings
- Use with specially designed adhesive-backed Astro E-Z Plus Applicator Refills

#### **100% Solids Applicator**

14-860111-000

This unique applicator is specially designed for applying 100% solids lane finishes and Astrolane Lane Sealer.

- Unique design ensures smooth, good looking finish application
- Includes 100% Solids Applicator Refills (14-860108-000)
- Non-marking wheels make it easy to push down lane
- Quick-release handle for easy coating of pin decks
- Adjustable ears prevent finish from spilling into the gutters
- Comes complete with weights so film thickness can be controlled

#### Water Base Approach Finish Applicator

62-862120-000

- · For use with WB approach finish
- Use with refill 61-860110-005

## FINISH APPLICATORS

#### **100% Solids Applicator Refills**

14-860108-000

For a perfect finish application, start by replacing worn or damaged applicator refills.

- · Cushioned refill ensures that a smooth contour is applied to all lane surfaces and lane imperfections
- Durable urethane material cannot be damaged by lane finish, so long life is assured
- Refill conforms to exact Brunswick tolerances to assure a consistent and even finish film thickness
- · Refill includes ears and foam cushions
- · Keep a few in stock to always be prepared
- Two refills per package

#### Misc. Lane Applicator Part Refills

180301PAW Water based refill pads for Perry-Austen applicator (5 per box)

Screw-on

#### Foamback Applicator Refills

61-860243-000

- · For use with all water-based lane finishes
- · Package of six

#### **Mohair Slide-In Applicator Refills**

61-860185-000

This applicator board makes Astrolane E-Z Topcoat and moisture-cure urethane topcoat finish jobs look fantastic.

- Assures a proper amount of finish is applied while eliminating waste & saving money
- · Finish flow is consistent, from edge board to edge board
- For use with Astrolane E-Z Topcoat and moisturecure urethane topcoats
- Installs easily in Slide-In Applicator
- Use with Slide-In Applicator (61-860183-000)
- · Package of five

#### **Long Nap Applicator Refills**

61-860242-000

- · For use with moisture-cure urethane topcoats and Astrolane E-Z Topcoat and E-Z Basecoat
- · These adhesive-backed refills ensure quick fastening and removal from the E-Z Plus Applicator Long Nap Applicator Refill
- · Package of five

#### **Water-Based Finish Slide-In Applicator Refills**

61-860184-000

Perfect for applying water-based finishes.

- Synthetic foam-flocked material ensures that the proper amount of finish is applied every time, eliminating waste and saving money
- Finish flow is consistent across the lane, assuring complete coverage of edge boards
- Use with Slide-In Applicator (61-860183-000)
- · Package of six

#### **Approach Applicator Refill**

61-860110-005

This 18" foam-flocked applicator refill is ideal for applying Astrolane WB Approach Finish (62-860019-000).

· Cleans easily with water

## BANKSHOT™ BUMPER BOWLING & GUARDIAN

# Bankshot™ Bumper Bowling System (1 Lane Kits)

171801GK Medium Gray 171801K Charcoal 171801BK Black

The affordable bumper bowling system that will bring in the bucks, from bumper leagues to bumper birthday parties.

- · Easy to install
- Pays for itself fast, turning revenues to pure profits
- Made with all-metal uprights for improved durability and performance
- · Goes from up-and-ready to out-of-sight quickly and easily
- Can be automated or integrated with Vector<sup>®</sup> and Frameworx<sup>®</sup> scoring at any time
- · Bankshot colors complement any décor

84-860719-000 Vertical Supports (28 Pk) Includes Washers and Rubber Bushings

84-860720-000 Vertical Supports (60 Pk) Does NOT include hardware

L2-600074-000 Short Vertical Upgrade

This new half size support reduces possible damage to the head rail from ball impact. Upgrade package includes 4 short vertical supports with connecting pins.

84-200472-000 Tool E-Clip Specialty tool for E-clip installation

Part Number	Replacement Gutter Covers
84-860622-XXX	Gutter Cover Pkg 118"
84-200465-XXX	Gutter Cover 31.125"

#### REPLACEMENT RAIL & GUTTER COLOR CHART

COLOR	SUFFIX*
BLACK	000
DARK GREY	100
MEDIUM GREY	142

Part Number	Replacement Miscellaneous
84-200457-000	Coupler - Rail
84-200463-002	LH Rail Plug Pkg
84-200463-001	RH Rail Plug Pkg
84-200458-001	Pin - Connecting, Upper Arm
84-200458-003	Pin - Connecting, Rail Joint
84-200487-000	Rubber Bushing - Vertical Support
11-537050-000	Retaining Ring
84-200458-004	Pin - Connecting
84-200462-000	Gutter Coupler
84-200459-000	Pin-Connecting, 1.940" Lg
11-537050-000	Retaining Ring
84-200488-000	Decal - Hand Warning
11-682561-000	Label - Warning For Bankshot

#### **Guardian**®

84-860517-000 (124' Glow-in-the-Dark) 84-860499-000 Lane Decal

Extend the life of wood lanes and gain control of the entire lane maintenance program.

- Add years to the life of lanes
- · Covers from edge to edge
- · Minimizes ball damage to lanes
- Reduces need to recoat or resurface

#### LaneShield® Pin Deck Repair Kit

61-860274-000

Designed for LaneShield replacement in pin deck area. Kit contains material for 4 pin decks. USBC/WIBC approved procedure.

## RESURFACING SUPPLIES

#### **Brunswick Injecta-Patch Lane Epoxy**

61-860256-000 (3 oz cartridge\*)

61-860257-000

(static mix tube for 3 oz cartridge\*)

61-860258-000

(3 oz cartridge trigger dispenser)

61-860259-000 (14 oz cartridge\*)

61-860260-000

(static mix tube for 14 oz cartridge\*)

61-860261-000

(14 oz cartridge Heavy Duty trigger dispenser) 61-860262-000

(3 oz plunger for older trigger dispensers)

This epoxy formulation is designed to look more like wood and to sand like wood. The heavy duty, 14-oz cartridge trigger dispenser has the power to inject epoxy into lanes; more convenient than injection machines for injection repair or lane injection of a few lanes.

- · Fast curing
- Sands like wood
- Sold individually

#### Powdered Oil Vac™ Lane Oil Remover

62-860074-000

Do the job right. Properly treat the bare wood before applying the basecoat finish.

Contains a powerful absorbent material for drawing conditioner out of wood.

- · Improves adhesion of basecoat finish to wood surface while returning wood to original, natural color
- · Specially formulated powder is fast-acting and odorless
- · Easy to apply and clean up
- · Multiple applications may be required for heavily oil soaked lanes
- One 50 lb. bag covers six to eight heads

#### Astrolane® Sealer

62-860130-000 (1 Gallon kit)

This fast-drying, pre-base coat stain and sealer coat gives older, oil-soaked wood lanes a lighter appearance and allows the base coat to protect the lane.

- Two component, 100% Solids type formulation
- VOC Compliant
- Prevents base coat from soaking into wood
- · Results in a smoother, higher-gloss lane finish system
- · Apply with Astrolane 100% Solids applicator assembly (14-860111-000) and 100% Solids applicator refills (14-860108-000)
- · One gallon kit covers 8 lanes

#### **Chlorinite Solvent #008**

1300081 (4 x 1 Gallons)

- Non-flammable
- Quick drying

#### Astrolane® 100 Kleener

62-860035-004 (Four 1-Gallon containers)

- Use this handy cleaner to clean up after applying Astrolane 100 or Astrolane E-Z Lane Finish
- Removes lane finish from applicators, tools, and equipment
- Removes spilled finish on approaches, aisleways, and walkways
- Can also be used to thin urethane paints or Shield Urethane (62-860063-001)

#### **Injection Epoxy**

61-860712-005 (White Compound A-5 Gallon Container) 61-860713-005

(Brown Hardener B-5 Gallon Container)

More lanes have been injected with this injection compound than all other epoxies combined. With an original process, epoxy is injected into the tongue and groove of lanes, completely filling the areas between the boards, bonding the boards together.

- Eliminates feathering; greatly reduces wood damage due to board movement
- Lanes will last longer. Resurfacing won't require sanding off as much wood
- Use two parts Compound A with one part Hardener B
- (Was Perry Austen 2D30030599 A and 2D30040599 - B)

#### **Shield Urethane Coating**

62-860063-001 (Gallon)

A routine coat of Shield urethane decreases wood damage and increases pin deck life.

- Use on wood pin decks, flat gutters and kickbacks
- Easy-to-apply clear urethane coating dries to a smooth, durable finish
- One gallon covers approximately 300 to 500 square feet
- Note: Brunswick Shield contains volatile organic compounds (VOCs). Before using, check local regulations for VOC restrictions

## RESURFACING SUPPLIES

#### Perma Grip Pad Holder

61-860097-000

Ensure that the synthetic pads stay firmly in place when cleaning, polishing, or conditioning lanes and floors.

- Features 1/2"-long tufts of untrimmed polypropylene widely spaced on the face of the disc
- · The individual filament brushes penetrate the synthetic pad and hold it in place
- Allows operator to heel lane machine without recentering the pad
- · This holder is designed so that larger polishing pads can also be used
- WARNING: Do not use brush or pad with flammable materials (fuels, solvents, thinners, etc.). Serious injury could result from fire or explosion

**Rotary Buffer Screens** 

61-860034-002 - 80 Grit, 18" Square, Each

61-860034-003 - 180 Grit, 18" Square, Each

61-860034-006 - 240 Grit, Silicon Carbide, 5pk

61-860034-007 - 320 Grit, Silicon Carbide, 5pk

#### **Cleaning Dura Pads (Black)**

61-860023-000 (Package of 10 - Black) These pads are designed to handle the toughest floor cleaning jobs.

- · Excellent for heavy-duty cleaning
- Thin, black pads are constructed from durable,
- 19" pads fit most floor buffing machines **CAUTION:** Test before using. May abrade some surfaces.

#### **Scrubbing Dura Pads**

61-860027-000 (Pkg of 10 - Thin, Green) - 20" 61-860117-000 (Pkg of 5 - Thick, Tan) - 19" Keep pads in stock to ensure a well maintained center.

- Pads are made from durable, woven nylon fibers
- Excellent for applying conditioner, polishing, and light cleaning duties
- · Use with all rotary floor machines
- · Wash and reuse
- · Available in two thicknesses
- · Pads fit most floor buffing machines

#### 19" Cotton Buffing Bonnet Pad

62-860193-000

The 19" cotton buffing bonnet pad can be used with rotary floor machines to buff and polish approaches. For optimal absorption the buffing bonnet should be washed prior to use.

#### **Treated Paper**

61-860032-000 (Sheet)

Capture excess finish while protecting covered surface from damage.

- Specially treated paper prevents finishes from soaking through to the area beneath it
- · Reduces cleanup time by collecting excess finish
- · Not just for resurfacing work
- Sheet dimensions are 45" x 48"

#### **Tack Cloth**

61-860026-250 (250 yard roll)

Eliminate all dust and grit that can interfere with the perfect coating job.

- This sticky cloth attracts and holds particles to produce an extremely clean surface
- · Leaves lanes perfectly clean
- Use after screening to pick up dust and particles
- . A "must-use" for a professional-looking finish

#### **Maple Patching Stock**

21-042538-000 (1 3/32" x 3/4" X LF) 21-033042-000 (1 9/64" x 3/4" X LF)

Used for repairing unsightly or broken boards in the approach, head or pin deck area.

- · Highest-grade clear, select hardrock maple for

#### **Pine Patching Stock**

21-033043-000 (1 9/64" x 3/4" X LF)

Used to repair heavily dented or broken boards in the pine section of the lane.

- · Highest-grade select southern yellow pine
- · Kiln dried for dimensional stability
- · Precision-milled for uniformity

#### **Urethane Foul Line**

84-200365-000

#### **Maple Face Boards**

52-100291-000 (5-1/2") 52-100473-000 (6-1/2")

#### **Red Fiber Dowel**

52-200059-000 (1/2" x 3/4") 52-200060-000 (11/16" x 3/4")

Used to replace thin or worn lane marking quides.

#### **Pine Dowel**

52-100211-000 (11/16" x 2")

#### **Maple Dowel**

52-100203-000 (1/2" x 2") 52-100204-000 (11/16" x 2")

Used to cover holes when face-screwing a wooden head approach or pin deck.

#### **Fiber Bed Spot**

21-016034-000 (1/2")

High-quality material used to replace thin or broken bed spots.

- Conforms to USBC®/WIBC specifications for bed spot diameter
- Tough, impact-resistant material for maximum durability

#### **Plywood Spline One-Piece Tailplank**

84-200046-000

· Replaces worn tailplank on pin deck with durable plywood version

#### **Lane Plugs**

84-860600-999 Nylon Lane Plug GID (500 Pk) 84-860601-999 Nylon Lane Plug GID (50 Pk) 84-860600-000 Nylon Lane Plug (500 Pk) 84-860601-000 Nylon Lane Plug (50 Pk)

Replacement plugs for ProLane<sup>™</sup> or 3/8" Anvilane phenolic lane panels

#### **Maple Epoxy Kit**

61-860073-999 (GID) 61-860073-000 (Non-Glow)

#### **Dow Corning 795 Silicone**

84-200430-000 - Sandstone 84-200172-000 - Clear

#### **Prolane Panel Sealer**

84-860565-000

#### **Kickback Plate**

52-200005-002 (R.H. 7-pin side 16" x 40" front plate for GS-Series or armor frame)

52-200005-004 (L.H. 10-pin side 16" x 40" front plate for GS-Series or armor frame)

52-200005-003 (29" x 22" rear plate for GS-Series)

21-088674-000 (21-3/4" x 19" rear plate)

21-088675-000 (33" x 15" front wood kickback plate)

This solid, active kickback plate will provide improved pin action and more consistent scoring than old, dead plates.

- · When kickback plates become soft or loose, they absorb energy from pins, reducing the amount of pin action and affecting bowlers' scores
- · Durable, impact-resistant plate is made from a solid piece of phenolic material to protect the wood kickback from damage over time
- · Flexible material won't delaminate or splinter
- All sharp edges are removed to prevent damage to ball and pins
- Surface is non-marking to pins
- Sanded back surface ensures secure mounting. For strongest bond, use Brunswick Adhesive (11-676047-000)
- Predrilled

#### **HDPE KickBack Plates**

179855 HDPE Kickback Plate for AMF 15" x 33" (each)

179856 HDPE Kickback Plate for AMF 15" x 50" (each)

179857 HDPE Kickback Plate for Brunswick 16" x 40" (each)

179858 HDPE Kickback Plate for Brunswick 19" x 23-3/4" (each)

179855P HDPE Kickback Plate for AMF 15" x 33" (pre-drilled, each)

179856P HDPE Kickback Plate for AMF 15" x 50" (pre-drilled, each)

179857P HDPE Kickback Plate for Brunswick 16" x 40" (pre-drilled, each)

179858P HDPE Kickback Plate for Brunswick 19" x 23-3/4" (pre-drilled, each) 179859 Kickback Nails, 1", heat-treated twist nails (pound)

- · Increases scoring
- · Made of high-density polyethylene material
- · Single-piece construction prevents delamination
- · Never needs coating
- · Available pre-drilled

#### **Brunswick Anti-Skid Pin Deck**

418001K Anti-Skid Synthetic Pin Deck (each/includes adjustable hardware) 418002K Anti-Skid Pin Deck (top screwed) 418526L Phenolic Edgeboard (7 Pin Side) 418526R Phenolic Edgeboard (10 Pin Side)

- · Reduces sliding pins
- · High-impact surface
- High-density core construction
- · Adjustable hardware for replacement installations

Part numbers are listed in order from left to right.

#### Side Pin Deck Edge Molding

52-100243-001 (48" x 2-1/16" for old-style phenolic pin decks/synthetic lanes) 52-100078-000 (48" x 2-3/4" for old-style phenolic pin decks/wood lanes) 84-200084-010 (48" x 1-3/8" for integral pin deck/synthetic lanes)

#### **HDPE Pin Deck Edge Boards**

179860 Pin Deck Edge Boards (each)

- · Replacement edge boards for wood decks
- Made from extremely durable high-density polyethylene material
- · Stronger than wood
- 1" x 2-1/2" x 46"

#### **HDPE Tail Plank Cover Strips**

179861 Tail Plank Cover Strip (each)

- Replaces entire worn upper sections on tail planks of wood pin decks
- Made from extremely durable high-density polyethylene material
- 1" x 1-3/4" x 43"

#### **HDPE Tail Plank End Strips**

179862 Tail Plank End Strips (each)

- · Replaces worn phenolic or fiber end strips on tail planks of wood pin decks
- Made from extremely durable high-density polyethylene material
- 1-5/8" x 1/2" x 43"

#### **Rear Pin Deck Edge Molding**

52-100079-000 (40-3/4" x 2-3/4" for old-style phenolic pin decks/wood lanes) 52-100244-000 (40-3/4" x 2-1/16" for old-style phenolic pin decks/synthetic lanes) 84-200083-010 (40-3/4" x 1-3/8" for integral pin decks/synthetic lanes)

Extend the life of the pin deck by protecting its edges properly.

- Tough edge boards made from X-grade phenolic material can withstand the abuse of flying pins
- · Rounded edges protect pins and balls from damage
- 1/2" thick for durability
- The 52-100078-000 edge boards have cut-outs to ensure proper fit. Install these edge boards with glue only (no screws necessary)
- When installing edge boards with glue, use Brunswick Adhesive (11-676047-000)

#### Foul Line Decal (Pkg of 6)

84-860266-000 - ENGLISH 84-860269-000 - SPANISH

Help keep your bowlers behind the foul line with this new Foul Line Decal. This USBC approved decal is easy and quick to install using the step by step instructions that are included in the package. Made with Guardian, the decal provides great glow under black lights.

#### **Brunswick HDPE Flat Gutter**

84-860557-000

- High density polyethylene material
- No coating is required, low maintenance costs
- Very durable
- Can be cut to fit all lane configurations
- 52" length

80107B Flat Gutter (bottom only) 80108L Flat Gutter (left-hand side) 80108R Flat Gutter (right-hand side)

- Made from extremely durable high-density polyethylene material
- · Nearly indestructible
- · Quick and easy installation
- Lower maintenance costs. No coating is required
- 52" length can be cut to fit all lane configurations

#### **Brunswick Heavy Duty Flat Gutters**

84-860504-000 (2 flat gutters per package)

Brunswick's best flat gutter. Virtually indestructible, made of Ultra High Molecular Weight polypropylene.

52-100472-001 - HD Gutter (bottom) 52-100472-002 - HD Gutter (RH side) 52-100472-003 - HD Gutter (LH side)

- Bottom of gutter is 1" thick with 3/4" sides
- Dark brown material won't mar pins or balls
- · Easy to clean and maintain
- · Sold as two flat gutters for one lane
- USBC/WIBC Approved

#### **Gutter Header Block**

84-200644-000

This new block provides an improved lane to autter installation, eliminating custom fitting and preventing dirt from getting trapped underneath the block. An added back stiffener keeps the block from buckling and improves the movement of lane machine wheels into and out of the gutter. It can be used with all Brunswick round autters and other round gutters.

#### **Adapter Gutter Blocks** (Bankshot/PBW)

84-200456-001 (R.H.) 84-200456-002 (L.H.)

Replace worn adapter blocks to ensure proper ball transition from Bankshot or PBW gutters to the flat gutter. Made from polypropylene material for great strength and durability.

# Adapter Blocks for UOS or VOS V Gutters

84-200117-002 (L.H.) 84-200117-003 (R.H.)

Precisely contoured adapter blocks provide a smooth transition from a V gutter to a flat gutter.

# Adapter Block for Plywood or VOS Round Gutters

52-100020-600 (Gray, R.H. one piece) 52-100021-600 (Gray, L.H. one piece)

Replace worn adapter blocks so gutter balls won't bounce or be damaged when going from the round gutter to the flat gutter.
